ASSIGNMENT - JOINT

CASE No. 10027

**WHEREAS**, Daniel R. Palmer, Warren G. Branch III, and Gary B. Bertram, hereinafter called the "Assignors", are the inventors of the invention described in the United States patent application entitled Corona Wire Tensioning Mechanism, executed by the Assignors on the same date as this assignment;

**WHEREAS**, Heidelberg Digital L.L.C., a corporation organized and existing under the laws of the State of Delaware, having its principal office and place of business in the City of Rochester, State of New York, hereinafter called the "Assignee", is desirous of obtaining the entire right, title and interest in, to and under the said invention and the said application in the United States of America and in any and all countries foreign thereto, and all patents which may be obtained for said invention as set forth below;

**NOW, THEREFORE**, in consideration of the sum of One Dollar (\$1.00), the receipt of which is hereby acknowledged, and other good and valuable consideration, the receipt of which by the Assignors from the Assignee is hereby acknowledged, the Assignors have sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the Assignee, its successors, legal representatives, and assigns, the entire right, title and interest in, to and under the said invention, and the said application, and all divisional, renewal, substitutional, and continuing application thereof, and all Letters Patent of the United States of America which may be granted thereon and all reissues and extensions thereof, and all applications for Letters Patent which may be filed for said invention in any country or countries foreign to the United States of America, including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention, all rights to register said invention in appropriate registries, and all Letters Patent which may be granted for said invention in any country or countries foreign to the United States of America and all extensions, renewals and reissues thereof.

**THE ASSIGNORS HEREBY** covenant and agree, for both the Assignors and the Assignors' legal representatives, that we have full right to convey the entire interest herein assigned, and that we have not executed, and will not execute, any agreement in conflict herewith.

**THE ASSIGNORS HEREBY** further covenant and agree that they will communicate to said Assignee, its successors, legal representatives and assigns, any fact known to them respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, renewal, substitutional, continuing and reissue applications, make all rightful declarations and/or oaths and generally do everything possible to aid the Assignee, its successors, legal representatives and assigns, to obtain and enforce proper patent protection for said invention in all countries.

The Commissioner of Patents and Trademarks of the United States of America, and any official of any country or countries foreign to the United States of America, whose duty it is to issue patents on applications as aforesaid, are hereby authorized and requested to issue all Letters Patent for said invention to the Assignee, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

**IN TESTIMONY WHEREOF**, the Assignors have executed this agreement.
